05 August 2026

Scope

Elbit Systems Ltd (henceforth referred to as Elbit Systems) engaged Carbon Footprint Ltd to verify its carbon footprint assessment and supporting evidence for the period **1st January 2025 to 31st December 2025**. Elbit Systems is responsible for the information within the carbon footprint report. The responsibility of Carbon Footprint Ltd is to provide a conclusion as to whether the statements made are in accordance with the GHG Protocol Corporate Standard.

Methodology

The verification was led by Aaron Aaltonen, Senior Environmental Consultant, Carbon Footprint Ltd. Carbon Footprint Ltd completed the review in accordance with the *'ISO 14064 Part 3 (2019): Greenhouse Gases: Specification with guidance for the verification and validation of greenhouse gas statements'*. The work was undertaken to provide a Limited level of assurance with respect to the GHG statements made. Carbon Footprint Ltd believes that the review of the assessment and associated evidence, coupled with this subsequent report, provides a reasonable and fair basis for our conclusion.

The following data was within the scope of the verification (below shows the post-audit results):

Grand total		**209,628.53**	**224,844.23**

Assurance opinion

Based on the results of our verification process, Carbon Footprint Ltd provides limited assurance of the GHG emissions statement, **and found no evidence that the GHG emissions statement:**

- is not materially correct and is not a fair representation of the GHG emissions data and information;
- has not been prepared in accordance with the GHG Protocol Corporate Standard.
